EXAMINATION REGULATIONS

1. The attention of candidates is drawn to the regulations governing examinations which are available on the University website: www1.hw.ac.uk/ordinances/regulations.pdf and on the notice boards throughout the university.

2. A candidate shall not bring written, printed or any other material into the examination venue except such as may be authorised by the examiners. Bags and personal belongings shall be deposited in an area designated by an invigilator/ examination janitor.

3. A candidate shall not communicate with, receive assistance from or copy from the paper of another candidate whilst present in the examination venue.

4. A candidate shall not leave the examination venue less than an hour after the start of the examination, except with the permission on the invigilator and shall not leave the examination venue during the last thirty minutes of an examination.

5. At the end of the examination candidates must follow the instructions given by invigilators for the return of their answer books or books along with any other materials on which they have written or drawn during the examination. Under no circumstances should a candidate remove an answer book, used or unused, from the examination venue.

Q1 **Start** your solution to **Question 1** below

As you write your solutions, please check at the top of each page that you are writing your answers in the correct place. - i.e.

only work and calculations related to question 1 should be written on this page because Q1 appears at the top of the page.

Please don't start a different (e.g Q2, etc)

on a page that is labelled Q1.

Q1 **Continue** your solution to **Question 1** (if applicable)

In your exam booklet there will be several pages allocated to each question.

However, if you fill all the pages for Question 1, say, and you still have more to write, please continue the question using the extra pages at the back of the exam booklet.

As usual, if you make a mistake on your exam, please cross it out so that it won't be marked -

e.g. $(x+y)^2 = x^2 + y^2$

and ~~con~~ then continue writing your solution to Question 1 on the Q1 pages.

Q1 **Continue** your solution to **Question 1** (if applicable)

Please write all parts to each question in the pages allocated to the question -

e.g

(a)

(b)

(c)

Q1 **Continue** your solution to **Question 1** (if applicable)

If you do not need all the allocated pages for the solution to a question, please just leave the rest of the pages for the question blank.

In particular, for example, if you have finished Question 1, please don't start Question 2 on a Q1 page.

Instead move on to the Question 2 pages.

If more space is required for this question, please use the additional pages at the end of this book

Q2 **Start** your solution to **Question 2** below

Start Question 2 on a Q2 page (not on a Q1 page).
